

Rollomatic and Strausak announce an OpenHouse event in Mundelein, IL, November 9th to 11th, 2021

Mundelein, IL, September 2021. Rollomatic and Strausak will be presenting their biennial OpenHouse again this November in Mundelein, IL, November 9th to 11th, 2021. This is a repeat of previous OpenHouse events where typically over 130 end-users from over 25 US states, Mexico, and Canada experience the latest in Rollomatic Group technology, attend learning sessions, and get key answers for their precision production needs.

In line with previous years, Rollomatic will have travel & overnight arrangements available for attendees as follows:

- Travel vouchers per person for up to 2 people.
- One free night a local hotel up to 2 rooms.
- Free transportation to/from Chicago O'Hare airport and the hotel.
- Free lunches and dinners.

This biennial event offers current & prospective end-users of grinding and laser cutting equipment the opportunity to see the entire line of Rollomatic Group products as well as new technology with:

- New Rollomatic 660XW model hybrid tool and peel grinding machine.
- New Strausak ONE cost-effective 5-axis adaptive tool grinding machine (new-generation linear) with modular options.
- GrindSmart - Several 5- and 6-axis Rollomatic tool grinding machines.
- ShapeSmart - Several Rollomatic pinch and peel grinding machines.
- LaserSmart - Laser cutting machine including ablation and 3D machining of PCD and other super-hard materials.
- Plattit surface coating equipment.
- Zoller Genius measuring machine.
- SmartFactory presentation.
